

Next Payments' Cash Recycler Is Your On-Site Bank Branch

Unlimited bulk note and coin deposit and withdrawal

Unique login means every transaction is linked to an individual employee

Daily settlement reduces costs as less cash collections are required

Reconcile daily clearance electronically with POS and gaming systems

Quick float dispense and cash deposit remove supervisory staff costs from reconciliation

Next takes responsibility for insurance of secured cash in the Cash Recycler

With your new Cash Recycler system, you will see the difference:

- Manage access for all employees at individual level
- Platinum service, including 24-hour monitoring and contracted return to service milestones
- Improved cash flow and increased interest earning with overnight settlement to your nominated account
- Create multiple internal accounts to deposit or withdraw from
- Easily Export cash movements into your general ledger
- No tedious note bundle limits
