New Market Leading Technology

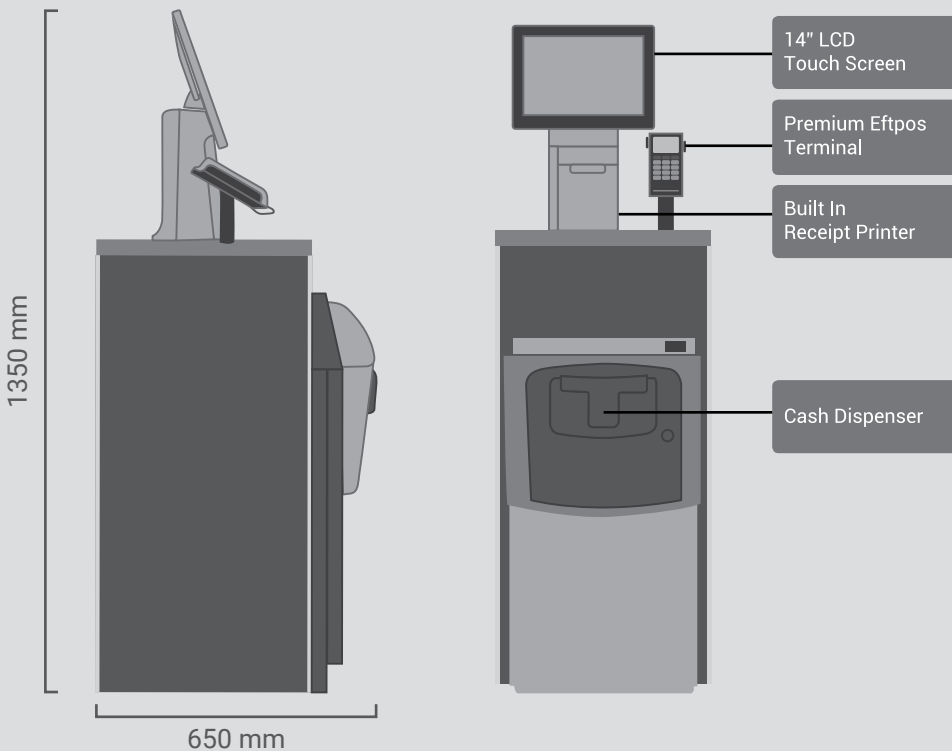

- Remote activation minimises staff involvement, allowing staff more time on customer service
- Provides access to cash in gaming venue
- Enables customers to swipe their card and receive instant cash out in the same location
- Customer surcharge earns your venue income
- Increases staff and venue safety as there is no need for large till floats
- Eliminates human error
- Includes large 14" easy to use touch screen with hot key for ease of use and premium eftpos terminal
- Secure safe for security

How It Works In 5 Easy Steps

- 1 Customer asks staff to activate terminal
- 2 Staff activate terminal with simple remote button
- 3 Customer selects account and cash out value on 14" display
- 4 Customer swipes card and enters PIN through Eftpos terminal
- 5 Cash dispensed directly to customer
