To Whom it May Concern

We transitioned the management of our ATMs at Etihad Stadium over to Next Payments in late 2013.

Their development of a superior communications platform overcame congestion issues consistent with large crowds and since then, our ATMs have performed more transactions and dispensed more cash than ever.

Installations of the machines were conducted in a professional manner and the ATMs used are extremely fast and reliable which keeps queuing to a minimum. They also look far superior to the ATMs we've had previously and we appreciate the ability to utilise custom 'Etihad Stadium' branding on the terminals.

Next appreciates the critical nature of our business. Their responsiveness to any issues and flexibility in cashing, including over weekends, has enabled the delivery of a consistently reliable provision of cash to our patrons.

I would be happy to recommend Next Payments as an ATM partner for any venue and/or stadium

Yours sincerely
