Mr Frank Alducci  
Business Development Manager  
Next Payments

Dear Frank,

I write this commendation letter to highlight the positive way in which the installation of the Next Payments Cash Out facility has assisted and enhanced our customer service offering.

I have no hesitation in recommending the Next Payments Cash Xpress unit. The rebates are competitive, the installation process was smooth and we have had no trouble with the unit since install. Should anything go wrong, Next have a 24/7 help desk which has come in helpful for staff who have had questions about the operation of the unit.

The unit looks good in our venue and customers enjoy the easy to use nature of the unit, plus the fact that the entire transaction is processed on one unit makes it easier for the customer and takes up less of our staff members time.

All in all, the move to Next Payments has been a positive experience for Yarraville Club.

Yours faithfully,

**Christopher Byrne**  
Chief Executive Officer
